

NEXT GENERATION REMOTE MONITORING

# PEACE OF MIND

Protect valuable equipment, tools and machinery left on remote areas of your farm.

**ACTIVE, AFFORDABLE, REMOTE SECURITY**

# WHY REMOTE SENTRY?

## ALERTS

No matter where you are, Remote Sentry GPS will alert you if your vehicle is on the move.

## PEACE OF MIND

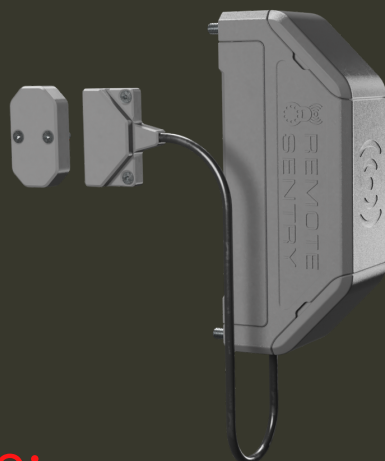

If vehicles or machinery moved or taken, you are going to know about it, better protecting your valuable assets.

## GPS TRACKING

Monitor movement of vehicles or machinery via map in online portal.

## GEO-FENCING

Draw your own security boundaries and receive alerts directly to mobile when asset crosses those lines.
