

NEXT GENERATION REMOTE MONITORING

VISITOR COUNTING MADE EASY

View and use accurate usage data from your office, or on your phone with the **Remote Sentry Count**

EFFORTLESS, AFFORDABLE USAGE COUNTING

WHY REMOTE SENTRY?

LOW MAINTENANCE

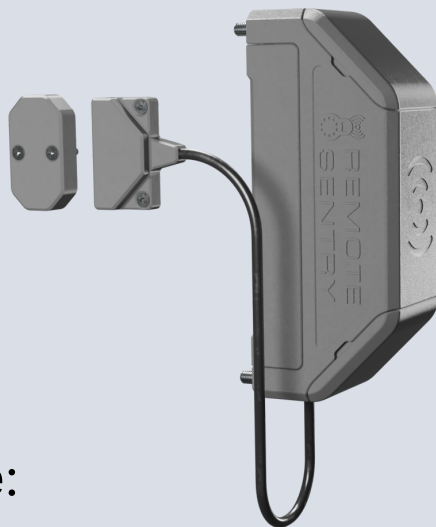

Over the air updates and status reports. No manual collection of data. No changing batteries regularly with our 5+ year super cell. No costly additional infrastructure required. Saving you precious time and resources.

EASY REPORTING

Simply view all visitor count data in your Remote Sentry Portal with customisable graphs. Download in-depth reports straight into a spreadsheet.

NEXT-GEN CONNECTIVITY

Ultimate rural signals with CAT M1 and Narrowband connection options. Fewer blackspots, increased connectivity, reduced power consumption
